

SWISS ICE SKATING

OPEN 2025

PRESS RELEASE

September 2025

Lausanne to host top international figure skaters

Over 140 athletes and 20 nations expected at the Vaudoise Aréna
for the Swiss Ice Skating Open 2025

For its second edition, the **Swiss Ice Skating Open** will take place from **23 to 26 October 2025** at the Vaudoise Aréna in Lausanne. Just 100 days before the Milano Cortina 2026 Olympic Games, this international competition has already established itself as a key fixture on the autumn calendar. It is recognized both for the **ISU World Standings** – the equivalent of the ATP rankings in tennis – and as a qualifying event where skaters can achieve the required minimum scores for the upcoming European and World Championships.

One month ahead of the event, Swiss Ice Skating is delighted to announce the participation of **20 ISU member nations**, represented by over 140 athletes competing across women's, men's, pairs, and ice dance categories. From global stars to emerging international talents, every discipline will be showcased.

The **Club des Patineurs de Lausanne et Malley** is already fully mobilized to welcome delegations. The event will also serve as a **first organizational test** for Swiss Ice Skating in the run-up to the **2027 European Championships**, which will take place in Lausanne in just 15 months.

Swiss Ice Skating will be represented by a particularly strong delegation, led by **Livia Kaiser** (9th at the 2024 World Championships) and the pair **Oxana Vouillamoz & Tom Bouvart** (4th at the 2025 Junior World Championships). From senior athletes to young novices, all members of the national teams will be eager to defend Swiss colors at the only international figure skating competition hosted in Switzerland.
