The International Mixed Age Trophy Commission

- France, Italy and Switzerland have already the same rules for the Mixed Age category (age and technical requirements)
- The 3 nations have created a Technical Commission and are each represented with 1-2 people in this Commission.
- This working group publishes the technical rules regarding mixed age teams at the beginning of each season. It represents the main deciding body.
- They decide and assign the organization of the International Mixed Age Trophy to countries that are interested in hosting the event.
- The Commission is also responsible for the nomination of 1-2 spokesperson(s) in each country in order to promote regular contacts and supervision of mixed age teams.
- The Commission establishes the selection process for teams as follows:

Each country is allowed to enter a maximum of 4 teams during the preliminary entry period. The 4th team is allowed to be added as a provisional team that might be accepted depending on the number of total entries received after the preliminary entry deadline. All the teams should be selected according to each team's season's best. However, Federations make the last decisions regarding which teams is allowed to start.

- The announcement has to be published at least 60 days prior to the preliminary entry deadline by the hosting club.
- The members of the International Mixed Age Trophy Commission are:

France Laurent Moreau (laurentmoreau276@gmail.com)
 Valérie Arsa Ballester (valerie.arsa@orange.fr)

Italy Cristina Pastorelli (cripasto.cp@gmail.com)

Switzerland Rita Tognali (r.tognali@gmail.com)
 Tony Krähenbühl (tony.kraehenbuehl@gmail.com)
