

Sportity app is like an information board in everyone's pocket.

INFORMATION REACHES EVERYONE
Sometimes e-mails don't get delivered because of a typo in the address, e-mail goes to trash, change in e-mail address or mailbox is full and as a result information doesn't reach everyone. With Sportity app, everyone gets the information.

INFORMATION IS AVAILABLE IMMEDIATELY
Whenever new information is issued, everyone has it. Sportity app's push notification informs people as soon as something new is posted.

ALL INFORMATION GATHERED IN ONE PLACE
Mailing lists can be large and cumbersome and they can easily get mixed up. Also, important e-mails sometimes get lost in other e-mails. With Sportity app, all information is stored in one place.

INFORMATION IS DIRECT AND STRAIGHTFORWARD
Other communication possibilities, like WhatsApp groups can lead to endless discussions. Information in the Sportity app is focused and clear without extra unnecessary comments.

Documents in the app are available also when the device is temporarily offline.
No need to make phonecalls, e-mails or posting papers for sharing information.

Sportity app is affordable for clubs and free for all users. Just an example of information that can be posted in the app:

- Training schedules
- Contacts
- Information about coming events
- Departure information to events
- Any changes in schedule etc
- Location maps
- Useful links

Sportity app for clubs available from 9 eur/month

Use Sportity app also for your events. You can upload information to all participants, for example:

- Time schedule
- Location and plans
- Results
- Any changes
